 **South East Advocacy**

Individual Advocacy

About SEA

South East Advocacy (SEA) aims to promote, protect and secure the rights and interests of people from diverse backgrounds with disability, their family and carers.

SEA covers the Bega Valley Shire.

Our vision is a society where everyone, regardless of background or disability feels welcome, included and supported.

SEA is auspiced by Multicultural Disability Advocacy Association of NSW.

What is Individual Advocacy?

Individual advocacy means supporting you to speak up for your rights.

We support people from diverse backgrounds with disability, their family and carers to speak up for their rights when they have problems.

This includes problems with housing, immigration, health services, social security, school, work, disability services or the police.

SEA's Individual Advocate can support you to understand your rights, so you can make your own decisions and get what you need.

What happens when I contact SEA?

When you contact SEA an Individual Advocate will talk to you about your problem and the support you need. This helps the Individual Advocate to understand what your problem is and whether advocacy will help solve the problem.

If you need an interpreter the Individual Advocate will organise a telephone interpreter.

What can the Individual Advocate do to support me?

After finding out about your problem the Individual Advocate may

- ▶ give you information so you can get the services you need
- ▶ support you to lodge a complaint
- ▶ support you to attend a meeting about your problem
- ▶ help you to get advice
- ▶ refer you to another service that can assist you with your problem.

MDAA gratefully acknowledges funding provided by the Australian Government through the Department of Families, Housing, Community Services and Indigenous Affairs.
